Ice Pageant at Waldorf Will Be Absorbing Event of This Week.

TABLEAUX REMARKABLE

Famous Scenes in History of Country to Appear Amid Splendid Settings.

Well, the \$175,000 top was crossed with considerable to spare. A comparison of figures shows an advance of more than \$1,500 in twenty-four hours and THE SUN Tobacco Fund's present total ell above \$176.000.

This indicates two facts that are gretfring. The generosity and thoughtfulness of the fund's friends were not exhausted by the Christmas giving, and the New Year, now almost at hand, romises to set in with the fund climbing

at a highly encouraging rate of speed. The event of absorbing interest this seek is the Ice Pageant to be given in he rink of the Waldorf Thursday and Friday nights. The complete list of tabeaux has been made up. While it was to be expected that familiar subjects could figure in it, the number includes several which, while often seen on canvas never were attempted by living fig-One which answers this descrip-

AKRON CLUB AFFAIR AIDS SMOKE FUND

Entertainment at Plaza Big Success in Every Way.

The entertainment given for THE SUN Tobacco Fund by the Akron Club in the grand ballroom of the Plaza last night was a complete success artistically and was attended by a highly appreclative audience. The hall was dec-orated with flags and with cigar boxes and hundreds of cigarettes strung from

the corners and sides.

Tributes paid from the stage to the smokes movement and to Corporal Harry Fhillips, 18 years old, the former president of the club, who is now in France with Gen, Pershing, aroused much enthusiasm.

The musical comedy "One Minute. Please," written by Ralph Engelsman, with music by Richard C. Rodgers, both members of the club, was a clever work splendidly produced. The staging was under the supervision of M. J. Bender, and Ray Treize conducted the orders of the supervision of the supervi

RULE TO END FOOD FRAUDS ADOPTED

Retailers of Eggs, Butter, Milk and Other Necessaries Are Involved.

MUST LABEL ARTICLES

Signs to Show Kind, Grade and Price-Fines and Prison Penalties.

Despite the protests of retail storekeepers, the State Food Commission, by 4.00 a vote of 5 to 0, yesterday adopted a rule that certain foodstuffs when exposed for sale must bear a sign setting forth the kind, grade and price of the article. The commodities included in the list which must be labelled are bread, butter, American cheese, cabbage, corn meal, dried beans, eggs, macaroni, milk, oatmeal, onions, prunes, potatoes, sugar and wheat flour.

and wheat flour.

The rule as promulgated will be advertised for ten days as provided by the new State food statutes. After that, on or about January 10, it will go in effect as law, and retailers who violate its provisions may be found guilty of a mis-demeanor, which is punishable by A fine of from \$100 to \$1,000 or one year's im-

What the commissioners meant was that certain dealers make a practice of "sticking" their customers with inferior grades at superior grade prices or plain misrepresentation. Some of them call it cheap swindling.

Getting Ready for Next Step. Having fixed up a list of articles which must be labelled by the grocer, baker, butter and egg man and vegetable dealer, the commission is now get-ting ready to adopt a rule that will make it necessary for poulity, meat and fish to be finitarly labelled in retail stores. It is admitted by those who have been watching the activities of the food ad-ministrations that the new rule to pro-hibit the marrepresentation of foodstuffs the most drastic regulation thus far adopted and one that promises to have far reaching effects. The commissioners themselves anticipate that great good is

going to result from the regulation by Ira Schattman, with Beatrice Rotchild executing a special dance to the child executing a special dance to the companiment of the chorus.
